## About

The #women2030 is a programme run by a coalition of 5 women's rights and gender equality organisations. Our goal is to build capacity of women's and gender civil society organisations (CSOs) working and engage them in the policy processes of Agenda 2030 (Sustainable Development Goals, SDGs) and the Paris Agreement (on climate action). We work together with local partners to achieve these goals, by facilitating participation in policy development and monitoring, mobilizing citizens' support, and sharing of best practices.

## How we work

In our pursuit to achieve a more equitable, inclusive and sustainable development, we organise #women2030's activities into 3 programme areas:

- Capacity building and strengthening of women's and gender civil society organisations
- Policy monitoring and advocacy with meaningful public participation of women from different backgrounds
- Outreach and awareness raising to promote and increase awareness about gender equality

**#HerstoryOfChange**

Read inspiring stories of women and non-binary persons committed to get people engaged in addressing women's human rights and gender equality in frame of environmental issues. Find the stories on social media (Facebook, Twitter, Instagram) and on [women2030.org/our-stories](http://women2030.org/our-stories)

## Engage with us!

The #women2030 programme receives funding from donors, including the European Commission, EuropeAid.

## Aim

The strength of #women2030 is that it has a bottom up approach to implementing the SDGs. Our programme builds on the collaboration between the facilitating partners and local women's & gender equality partner organisations. Our goal is to reach thousands of beneficiaries in 5 years through our activities:

## First year in numbers

- **107** experts trained and mentored CSOs, local authorities and other SDG implementers
- **88** CSOs have received training on gender equality, SDGs and on how to build capacity of their local CSOs
- **108** women CSOs participated in local and national SDGs and climate action planning
- **14** local orgs received sub grants
- **2000** grassroots people were trained by our gender experts
- **15** shadow reports were produced by our local partners, with guidance from #women2030
- **1** media toolkit was produced in **3** languages (English, Spanish, Russian)
- **450,000** people were reached online

## Where we work

The #women2030's facilitating partners work together with local partners in over 52 countries. Below is a map showing the scope of our work:
